Summary

David Wright, Executive Director has particular expertise in forensic delay analysis and currently heads up the planning team for Quantum clients. He is a self-motivated, committed and resourceful individual, with strong strategic and analytical management skills and a wealth of experience on a broad range of construction projects within Europe, UK, US, Africa, Asia and the Middle East.

David has undertaken the role of Party Appointed Expert Witness on matters of delay, provided strategic advice on delay matters and has presented evidence under cross-examination at International Arbitration under International Chamber of Commerce (ICC) rules. He specialises in detailed analysis on complex projects where records may be questionable, or of limited availability, with the focus on establishing what could be considered to be the true causes of delay. Some of the projects where David has acted as Expert include:

- Delay Analysis Expert Advisor for a US\$ 100 mn MEP contract in UAE.
- Delay Analysis Expert for a US\$ 500 mn oil and gas plant in UAE.
- Delay Expert Witness commission on matters of delay in connection with a 5,000 tonne cement plant in GCC at International Arbitration under ICC rules.
- Delay Expert Witness commission on matters of delay in connection with an artificial island development project in Bahrain.
- Delay Analysis Expert for a US\$ 28 mn infrastructure project in Qatar.
- Investor's Appointed Planning Expert for a US\$ 2 bn Industrial Complex in Nigeria.
