#### Professional Summary

Quantum Global Solutions Asia Regional Director, Steven Beaumont, manages multiple client portfolios on a number of assignments throughout the Far East and Asia. Throughout his career of over 25 years, Steven has managed disputes and claims with subcontractors, suppliers and clients. He has extensive experience in quantum analysis and calculation, the preparation of prolongation claims and claims for delay and disruption. His key areas of experience include highways and bridges, power stations, utility plants, airports, waste and fresh water projects, major heavy engineering projects, plus green and brownfield hydrocarbon projects.

Steven has been responsible for many claim and expert appointments and he recognises that construction is dynamic process where multiple issues are commonplace and the process to manage these issues must consider a series of strategic commercial matters.

Steven takes a hands on approach in managing commissions with the goal to reach an amicable resolution without the need to resort to a formal dispute process.

Recent Expert appointments include:

- Writing an Expert Report which resulted in the prevention of a performance bond being liquidated. Report was presented as key evidence in the Dubai Courts.
- Writing an Expert Report on the validity of a Contractor's claim for disruption.
- Providing Expert Opinion on contractual interpretations on a major heavy engineering project.
- Quantum Analysis and writing of submissions on US\$ 300 mn arbitration.
- Preparation of Articles for a mediation on a luxury 5\* Hotel.

Some of the landmark projects where Steven has been involved with claims include:

- Middle East – new airport – project value US\$ 17 bn
- Abu Dhabi – upstream hydrocarbon - project value US\$ 500 mn
- Europe - major motorway – project value US\$ 2 bn
- South Africa - power station project – project value US\$ 15 bn
- UK - major residential project – project value US\$ 1.8 bn
- Far East – hydroelectric plant - project value US\$ 1.1 bn
- UK - motorway widening - project value US\$ 30 mn

#### Geographic experience
