

**Join Quantum at the
2019 Middle East Construction Market Analysis and
Strategy Seminar where industry expert
Andrew Woodward will present the**

**Strategy for Construction Dispute
Resolution in the MENA Region**

Date: 4 March 2019 | Time: 13:30 – 18:00

**Location: Overseas Construction Association Education Centre,
1st Floor Buoyoung Building, Seosomun-dong, Seoul**

Quantum Regional Director, Andrew Woodward will join guest speakers including Phillipe Dessoy who is the President of the European International Contractors and General Manager, Business Development for Besix Group along with Ed James, MEED Director at the 2019 Middle East Construction Market Analysis and Strategy Seminar.

With over 25 years in the construction industry, Andrew will discuss typical risks that contractors face in the MENA region; how to minimise project risks; the impact of the failure to properly administer contracts and how to prepare a successful claim. For registration information read more [here](#).

Quantum is acknowledged as one of the leading construction support consultancies dedicated to serving the interests of the international construction and engineering industries. In addition to regular industry presentations, Quantum is also actively involved in the presentation of training courses and mentoring programmes. The company is regulated by the Royal Institution of Chartered Surveyors (RICS) and is committed to setting and upholding the highest standards of excellence.

ICAK was established in 1976 under the Overseas Construction Promotion Act of the Republic of Korea. ICAK is the only semi-public organisation in the country that officially represents the interests of Korean companies in all matters relating to overseas construction and development activities. In addition, ICAK has 700 member companies.
